

STREET SOCIAL SERVICES

Street social services is an initiative taken by us (the students of Malla Reddy Engineering College) to work and contribute our share to the society, the agenda is mainly to help those in need of basic essential commodities at these very tough times, its only fair that everyone in the country deserve to not suffer the wrath of hunger especially when you are unnoticed, lying around the streets because you don't have place to live in. We felt it's our responsibility to do something about it, we came up with some exciting events with in the funds and budget we have, in the little span of 2 months we were able to feed 200 people and distributed groceries to 20 families.
